

A CALL FOR ^{Westfield} PICS!

Westfield's Master Plan Committee announces this community solicitation for images which can be included and published in the City's upcoming Master Plan! The new plan will be a generational and legally adopted planning document that establishes how we envision the City's best future, and the steps we need to take to achieve that community vision. This effort hasn't been undertaken in 60 years.

The Committee hopes for a pool of images that portray varied subjects, seasons and styles which can communicate life in Westfield today, to supplement the Master Plan's narrative. Photos can express any topic and needn't just be "pretty pictures." For example, an image of a traffic backup, flooded area or vacant storefront can speak volumes to present concerns in the City. Specific subject areas of the Master Plan will include: Land Use and Zoning; Housing; Economic Development; Natural Resources; Art, Cultural & Historic Resources; Open Space & Recreation; Public Services & Facilities (like schools); and Circulation, Transportation & Mobility.

Any number of images may be emailed to j.vinskey@cityofwestfield.org or delivered to the Planning Office in City Hall by **January 31, 2023**. Photographers of selected images will be credited in the Master Plan document.

Images must be an original capture/work of the submitter and will be deemed to include permission to freely use or alter the image along with release from any copyright claim. Images featuring identifiable persons are discouraged, but any should be accompanied by their names and contact information such that permission for publication can be obtained. All submissions are subject to MGL Chapter 66 § 10, Massachusetts Public Records Law. No monetary compensation will be paid, and the Committee reserves the right to reject any or all images for any reason.
